

AMERICAN SOCIETY FOR CLINICAL PATHOLOGY MEMBER RENEWAL PROGRAM

ca. 1983

ca. 2009

Every so often, something comes along to change your life in ways you never imagined.

re-member
YOUR ASCP RE-CERTIFICATION RESOURCE

re-member, a new membership and education solution from ASCP. Because recertification should be *simple and convenient*.

American Society for Clinical Pathology

Coming this fall, visit www.ascp.org/re-member for a plan overview.

Recertification just got a lot easier.

re-member
YOUR ASCP RE-CERTIFICATION RESOURCE

re-member is a convenient and cost-effective way for laboratory professionals to maintain their certification. This three-year membership and education solution includes the required number of CE credits to fulfill your recertification needs, tracks the credits you have earned and keeps you updated on courses you need to take for recertification. You can also easily submit your transcript directly to the Board of Registry when you're ready to recertify.

Every laboratory professional who takes advantage of the re-member solution will have access to:

- Book that track your completed CE credits and let you know which ones you still need for recertification;
- Easy access to online CE specific to your certification;
- Online submission of your completed CMP application to the Board.

You get this—and more—from ASCP, your lifelong partner dedicated to you and your success. To take advantage of this new plan or to learn more, visit us online at www.ascp.org/re-member.

re-member
YOUR ASCP RE-CERTIFICATION RESOURCE

A unique membership solution to help newly certified laboratory professionals meet the requirements of the ASCP Board of Registry Certification Maintenance Program.

MKB developed and delivered a membership solution initiative aligned with recertification. It is a personalized on-line planning and delivery mechanism designed to: Map certification requirements, Manage earned credits, Provide at-a-glance-progress, Deliver on-demand, on-line education, and Automatically submit and track the recertification application. **Simple, convenient and affordable.** MKB developed the brand, key functionality requirements, all on- and off-line communications, the website interface, advertising, rollout plan, introduction at the Annual Meeting, and non-member extension concepts.
