SHOW PRODUCED BY: ICPI
SHOW ENDORSED BY: BRICK INDUSTRY ASSOCIATION INTERNATIONAL CONCRETE ALLIANCE

As ICPI became a self-independent organization, they engaged MKB to implement a comprehensive branding and strategic marketing/communications plan. Our first task was to test the effectiveness of the current Brand and validate its position, with the principal long-term goal being to develop a strategy for ICPI **to establish its position as a premier trade association**. Our research and recommendations will provide the basis for a complete branding and strategic web marketing phase.
